

## REQUESTS

*To the Editor*

Seremban,  
Malaysia.

Dear Sir,

I am now collecting data relating to the contribution of Christian missionaries towards the enrichment of the languages and literatures of the Austronesian/Malayo-Polynesian area and I should be most grateful to receive information from the missionaries, or from their friends and relatives (in case the missionaries have passed away) to enable me to put on record this unique contribution. Before forwarding me the necessary information, I should be glad to hear from the correspondents in the first instance. Everyone who submits relevant details is assured of a complimentary copy of the text which will contain the entire findings of my research in this field.

Yours faithfully,  
J. S. HENRY
